

## **INTRODUCTION TO MODERN QUILLING (176)**

**Thursdays, 10:00 – 11:30 (6 Classes 1/30 – 3/6) in Creason Hall  
Limited to 15**

**Tuition \$45**

**Paper quilling is a beautiful craft, utilizing colorful strips of paper and a simple slotted tool to create the stunning art you've seen on greeting cards and home décor. In this class, participants will learn to create 8 basic quilling shapes and then bend, twist, pinch and manipulate these strips of paper to represent letters, birds, flowers, leaves, and whatever is imagined. This class is highly participative, so get ready to revive your creativity! Participants will have something to take home after every class meeting. There is a required materials charge of \$20, payable to the instructor on January 30.**

**Julia Macek, a self-taught professional calligrapher and paper craft artist, is originally from San Jose, California. Julia's quilling work has been featured on a book cover and postcards, has been sold in local stores and craft fairs, and has been featured in local galleries. Julia has won awards for her quilled work at the Hillsborough County Fair and Florida State Fair. She often marries her love for quilling with her love for calligraphy, featuring the natural beauty of Florida.**
